

I do not support giving priority to Low Power FM over existing FM translator service. I listen to K-LOVE on a daily basis. K-love meets a need in Odessa for contemporary Christian music and a positive message the whole family can listen to. I don't have to worry about the content of what my children might hear. Many of my friends are also K-LOVE listeners. Replacing K-LOVE with Low Power FM would have a definite negative effect on my community. Thank you.
